@banditloaf Yes, we were planning to build a Star Wars game back in the day.

@RichardGarriott Fascinating, that would have been something. Not sure what I'd sacrifice from the final '91 lineup for it, though!

@banditloaf @RichardGarriott I thought that was the project that turned into Wing Commander

Richard Garriott · @RichardGarriott · 5 dic. 2015
@ouji @banditloaf Separate plans. Wing Commander was all Chris Roberts. Of course inspired by Lucas.

@RichardGarriott @banditloaf what a time for games. I used to look forward to whatever Origin was working on.

@ouji @RichardGarriott @banditloaf Same here. I used to get more excited over new Origin software than Christmas.

@banditloaf @RichardGarriott Ooh! Car Wars! As in, Steve Jackson Games?? To the internet! I must know more!

@JnohD @RichardGarriott Origin did an earlier Car Wars-based game, AutoDuel, in '85. I'll ask Chris if he remembers this second idea!

@drunk8gods @JnohD @RichardGarriott You know, the AutoDuel guy sorta looks like the Silencer from Crusader...

@banditloaf @JnohD @RichardGarriott That's a pretty good catch. They look eerily similar.
